IMPRO

2023 - 2024
LOIRE VALLEY

PROGRAMME

A PROGRESSIVE TEACHING

A **harmonic exploration** of ancient and modern diatonic modes, and of various possible bridges between them;

A **privileged study of small forms** (verses, variations etc.) allowing rapid practice, both for the church organist and the concert performer.

Each trainee will study with **both professors**.

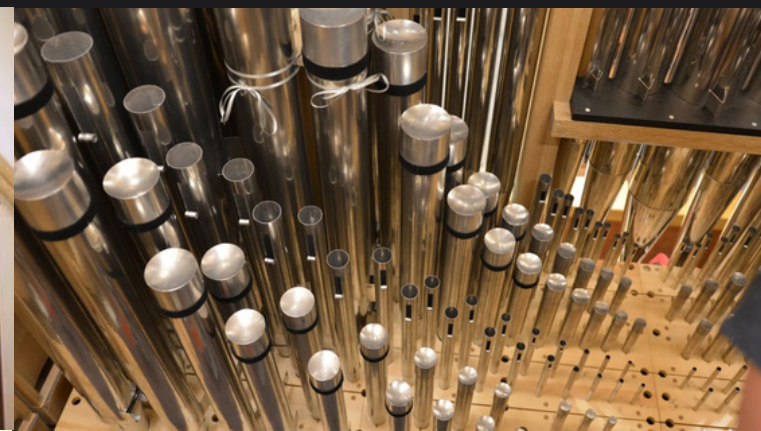

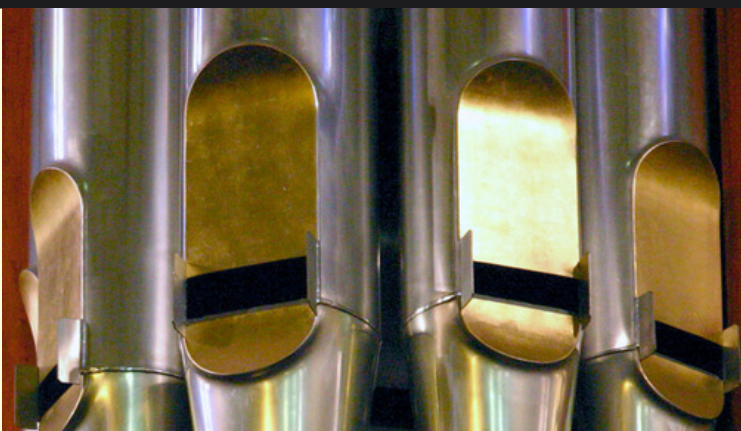

The Academy is **open to all adult students**. The minimum required level corresponds to the second cycle in French conservatories.

A PEDAGOGICAL FOLLOW-UP DURING THE YEAR

During each session, the students will be given **exercises** to be rehearsed for the next session. They will be able to **communicate with the teachers** by messaging to guide their work.

The **summer residence** will, for five days, provide a synthesis and an opening towards various improvisation practices (classical forms, film improvisation etc.)

It is possible for **advanced organists** to participate in this summer residence only.

ACADÉMIE D'IMPROVISATION À L'ORGUE DES PAYS DE LA LOIRE 2023-2024
